4. [redacted] Meese, [redacted]
and [redacted] OCI, and [redacted] met with Miss Dorothy Fosdick,
on the staff of the Senate Government Operations Subcommittee on
National Security Staffing and Operations. The purpose of the meeting
was to advise Miss Fosdick of the progress to date of the Agency efforts
to prepare studies on national security staffing in the Soviet Union and
Communist China. Outlines of the proposed studies were shown to
Miss Fosdick who was impressed and satisfied that we were covering
the areas of interest to the Subcommittee. She emphasized that the Sub-
committee was primarily interested in unclassified papers which could
be published by the staff without Agency attribution. However, it was
arranged that in instances where significant classified information was
essential to a complete understanding of the subject, classified annexes
would be prepared for Senator Jackson's personal information. It is
expected that these studies will be completed around the middle of March.
